Code Blue® I Multipurpose Patient Care and BLS Manikin, Medium (1005782 [W45001] / S304.M)

This adult manikin (17.5 kg, 110×56×36cm) features training of basic and advanced patient care as well as Basic Life Support functions.

Comprehensive patient care skills, including oral and denture hygiene; intramuscular (arm and buttock), intravenous, and subcutaneous injection; ostomy care (colostomy, ileostomy, and suprapubic stoma, each connected to an internal tank); naso-gastric lavage and gavage; male and female catheterization; enema administration; vaginal douching and pap smear exercises; palpable prostate; breast palpation (interchangeable male breast and 7 abnormal female breasts); an amputation stump; and 2 decubitus ulcers.

Full BLS and CPR functionality. Eyes open and close (one pupil dilated), with regular or counter-pulsation CPR supported via an anatomically painted outline of cardiopulmonary features. Mouth-to-mouth resuscitation and palpable carotid pulse are also supported.

Built-in performance feedback. The CPR monitor displays the cadence and depth of compressions and ventilation, giving instructors objective performance data.

Comes ready for training, supplied with ten totally disposable one-piece airways, a neck brace, and a carrying bag.

Why Buy from SEM Trainers? SEM Trainers & Systems has over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: What breast palpation options are included? A: An interchangeable male breast and 7 abnormal female breasts, supporting a range of palpation findings.

Q: How does the CPR monitor help training? A: It displays the cadence and depth of compressions and ventilation for objective performance feedback.
