Product Description

The Superior Female Bedford Doll is a versatile nursing manikin designed for realistic clinical training. Featuring articulated joints, soft washable skin, and interchangeable anatomy, it supports procedures

from patient handling and dressing to catheterisation, tracheostomy, injections, stoma care, and feeding, offering durable, hands-on practice for nursing education.

Skills

The best-selling Superior Bedford Doll offers a range of features for both basic and advanced nursing procedures and scenarios. From basic patient handling, dressing and care to advanced intramuscular injection, tracheostomy, catheterisation and enteral feeding the Superior Bedford Doll is an ideal full body patient manikin. A unique soft, palpable and washable skin to ensure realism and excellent durability – ensuring years of reliable service.
