The XR Clinic Desktop Virtual Reality Medical Training is a trusted training tool used across simulation labs in India for hands-on VR-based medical training practice. This simulator helps medical students and healthcare professionals build critical competencies in a safe, controlled environment — fully aligned with NMC's CBME requirements for surgical skills training and competency assessment. Who Is This Simulator

Ideal For? This product is recommended for surgical skill labs, minimal access surgery training centers, and medical colleges offering hands-on laparoscopic and endoscopic training workshops. Whether you are setting up a new simulation lab or upgrading your existing facility, the XR Clinic Desktop Virtual Reality Medical Training offers an excellent balance of realism, durability, and training value. Why Buy from SEM Trainers? SEM Trainers is a leading supplier of medical manikins and simulators across India. We provide complete support including pan-India delivery, on-site installation, faculty training workshops, and prompt after-sales maintenance. All our products carry genuine manufacturer warranty and meet ISO 9001 quality standards. Frequently Asked Questions Q: Is the XR Clinic Desktop Virtual Reality Medical Training compliant with NMC simulation lab requirements? A: Yes, this simulator supports the skill-based training competencies specified under NMC's CBME framework for Indian medical and nursing institutions. Q: Does SEM Trainers provide installation and training support? A: Absolutely. We offer on-site installation, hands-on demo sessions, and faculty orientation workshops for every product delivered, anywhere in India. Q: What is the warranty and how do I get support? A: All products come with standard manufacturer warranty. For support, reach us at sem@semtrainers.com or call +91-88495 63724.
