Product Description

Replacement for Susie / Simon Patient Care Simulator 1017535 / W45010
Not a duplicate despite the identical title — different Item No. (1013013 vs. 1019901 for the previous page), different MPN, and compatible with a different manikin (Susie/Simon Patient Care Simulator, Item 1017535/W45010, vs. Simple Simon on the other page). Real product photo here too. However, there's a clear **data error**: Dimensions show "**199 x 100 x 100 cm**" — that's roughly 2 meters, wildly implausible for a single upper-leg assembly part. This looks like it was accidentally copied from a full manikin's packaging dimensions rather than the actual part.

DESCRIPTION (copy-paste into WordPress):

Upper Left Leg Assembly – Hip to Knee, for Susie/Simon® (1013013 / S200.804L.A.M)

The Upper Left Leg Assembly – Hip to Knee (Item No. 1013013, MPN S200.804L.A.M, 1.444 kg) is a replacement part for the Susie/Simon® Patient Care Simulator (Item No. 1017535 / W45010).

Keep your manikin training-ready. As the upper left leg component wears out through repeated hands-on training, this replacement part lets institutions restock without replacing the full manikin.

Why Buy from SEM Trainers? SEM Trainers & Systems has over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: What manikin is this part compatible with? A: The Susie/Simon® Patient Care Simulator (Item No. 1017535 / W45010).
