Susie® Simon® Patient Care Manikin with Ostomy (1005785 [W45011] / S201.M)

This full-size adult manikin (17.9 kg, 162.6×45.7 cm) features movable joints and soft fingers and toes, built for training of important basic nursing skills.

Realistic head and hygiene features. A stylish wig for hair care exercises and surgical draping, a movable jaw with tongue, removable upper and lower dentures for oral hygiene, realistic eyes in eye sockets for ophthalmic exercises, and an ear canal for otic drops and irrigation.

Comprehensive airway and injection access. Mouth, nose, and tracheotomy openings for nasogastric lavage and gavage, plus intramuscular injection sites in the right and left upper arm and buttock.

Genital, catheterization, and ostomy training built in. An interchangeable male organ, realistic urethral passage and bladder for catheterization exercises, vaginal douching and pap smear exercises with a realistic vagina and cervix, and sculpted stomas for transverse colostomy, ileostomy, and suprapubic stoma practice.

Secure, no-drip ostomy connections. A no-drip thumb latch with an audible "click" provides a secure seal between ostomies and internal tanks, with detachable and removable internal tanks for easy cleaning and restocking. A new modular tricuspid valve permits male or female catheterization with soft silicone catheters.

Realistic body movement. Bends at the waist as in a human, and supports bathing and bandaging

activity.

Enema administration capability rounds out the full range of hands-on nursing skills this manikin supports.

Part of a five-model comparison family alongside the without-ostomy Susie Simon® variant, Simple Simon® (female and male versions), and the 3B Scientific® Patient Care Manikin PRO — each offering different combinations of ostomy care, wound simulation, tracheotomy, and enema/catheterization capability.

Why Buy from SEM Trainers? SEM Trainers & Systems has over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: What stomas does this manikin include? A: Sculpted stomas for transverse colostomy, ileostomy, and suprapubic stoma.

Q: How are the internal tanks connected? A: Via a no-drip thumb latch with an audible click, providing a secure seal between ostomies and internal tanks.
