Code Blue® I — Multipurpose CPR and Patient Care Simulator, Intubatable Airways (1017533 [W45002])

The Code Blue® I Multipurpose CPR and Patient Care Simulator (Item No. 1017533 [W45002], MPN S303.M, 28 kg, 110×56×36cm) provides practice in a wide range of CPR and patient care skills, with an anatomically accurate, intubatable airway.

Full range of movement and realistic soft-tissue detail. Fully moveable neck, arms, and legs, with soft skin of the face, vagina, and cervix for added realism. Eyes open and close, with one eye dilated for pupillary assessment practice.

Interchangeable anatomy for comprehensive training. Interchangeable external genital organs allow female and male catheterization, and interchangeable male and female breasts (the left female breast contains a malignancy for palpation practice).

Comprehensive procedure access sites. Oral, nasal, optic, and gastrostomy openings, plus transverse colostomy, ileostomy, and suprapubic stomas.

Realistic wound care training built in. A demonstration set of two decubitus ulcers (initial stage and deeply infected stage) supports wound assessment and care practice.

Hygienic, safe CPR practice. A one-piece airway supports safe and sanitary CPR training, with the simulator detachable at the waist for easy storage.

Meets all OBRA requirements.

Comes complete with: 10 training masks, a Code Blue Life Monitoring System, a neck brace, and a carrying bag.

Why Buy from SEM Trainers? SEM Trainers & Systems has over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.
