This deluxe human torso model provides all quality characteristics and components of the Deluxe Torso B42, but with Asian features. A feature of this life-size human torso that is unique worldwide is the removable 6-part muscle arm. The high-quality torso therefore fully represents the complete anatomy of the human upper body. The great detail of this deluxe human torso model makes it especially suitable for the high standards of medical school. The right half of the torso shows the skin, the left half the superficial and deeper muscles with nerves, vessels and bony structures. The versatility of this aesthetically designed human torso model is rounded off by the exact representation of the internal organs. The following parts of the deluxe torso are removable:

- 2-part head
- Brain half
- Sternocleidomastoideus muscle
- 6-part muscle arm (detachable: deltoid muscle, biceps muscle of arm, triceps muscle of arm, long palmar muscle with radial flexor muscle of wrist, brachioradial muscle with radial extensor muscle of wrist)
- Upper leg stump
- 2-part lower leg (detachable: gastrocnemius muscle)
- Chest/abdominal wall with detachable mammary gland
- Torso body
- 2 lung halves

- 2-part heart
- Liver with gall bladder
- 2-part stomach
- Half kidney
- 4-part intestine set
- 3-part female genital insert with fetus
- 4-part male genital insert

This extremely detailed torso is supplied on base board. All the organs in this human torso are hand painted for a quality product. This great human anatomy educational tool and makes learning the location of the human organs easy. It is also supplied with the 3B Torso Guide. Key card in L/G/E/F/S/P/J.
