The 3B Scientific Torso offers many possibilities you need for detailed demonstrations in human anatomy. With this human torso model you receive 100% quality and a high standard of detailed manufacturing. The quality of this torso is impressive, just like the price! Use it to answer all questions on internal human anatomy. This model of a human torso was developed especially for Asian schools. The internal organs are soft, durable plastic and can be removed. The human torso model contains the following parts and organs:

- Head
- 2 lungs
- 2-part heart
- Stomach
- Liver with gall bladder
- 2-part intestinal tract
- Front half of kidney
- 3-part female genital insert with fetus
- 4-part male genital insert

This dual-sex torso is complete as a tool for human anatomy education with the 3B Torso Guide. All the organs in this human torso are hand painted for a quality product. This great human anatomy

educational tool and makes learning the location of the human organs easy.
