Product Description

Buy together and save !

Lung: The lung model with larynx is first class. The high quality lung model contains the following removable parts for added anatomical detail:

- 2-part larynx
- Trachea with bronchial tree
- 2-part heart
- Subclavian artery and vein
- Vena cava

- Aorta
- Pulmonary artery
- Esophagus
- 2-part lung (front halves removable)
- Diaphragm

Pulmonary Lobule: The model shows an external pulmonary lobe with a magnification of 130x. A graphic image on the stand of the model shows the structure of the air way in the lungs up to the alveolus.
