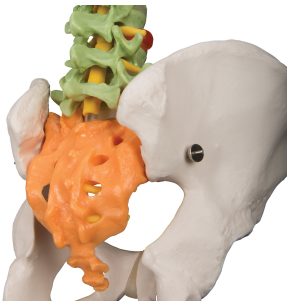
Categories: Human Spine Models



Product Description

New **anatomy app** called 3B Smart Anatomy now included for FREE with Didactic Flexible Human Spine Model.

Every original 3B Scientific anatomy model now includes these additional **FREE features**:

- Free access to the **anatomy course** 3B Smart Anatomy, hosted inside the award-winning Complete Anatomy app by 3D4Medical
- The 3B Smart Anatomy course includes **23 digital anatomy lectures**, 117 different virtual anatomy models and 39 anatomy quizzes to test your knowledge
- Bonus: **FREE warranty upgrade from 3 to 5 years** with every product registration

TIP: You will also receive access to a **free 3-day trial to all premium features** of the Complete Anatomy app when you sign up for your 3B Smart Anatomy course.

To unlock these benefits, simply scan the label located on your model and register online. All 3B Smart Anatomy features are **completely free of charge** for you. Click here to learn more.

The 5 different sections of the spinal column are differentiated by color on this human spine model. The features on this didactic flexible spine are:

- 7 cervical vertebrae
- 12 thoracic vertebrae
- 5 lumbar vertebrae
- Sacrum
- Coccyx

Use this spinal column replica for simplified patient education or for anatomy lessons in a classroom environment where the didactic colors help to immediately track the explanation about the human spine, even from a distance. This Didactic Flexible Spine Model is not only an extremely good value but

it is also a durable spine of high quality. Other great features of this spine are:

- Full pelvis and occipital plate
- Fully flexible mounting throughout spine
- L3-L4 disc prolapsed on spine
- Spinal nerve exits
- Cervical vertebral artery
- Male pelvis

Stand is not included with didactic flexible spine, please see Stand for Spinal Columns and Skeletons.
