Categories:Anatomy Sets

Product Description

This liver set is delivered with two realistic models. The details of each model are shown below.

The K24 2-part 3B MICROanatomy™ Liver (top left, pictured) model shows a highly magnified diagrammatic view of a section of the liver. The 3B MICROanatomy™ Liver illustrates the structure of the functional and structural components of the liver in two different enlargements. The left part of the model shows a section of the liver that comprises several liver lobules. The right part of the model is a highly magnified view of the sectioned liver lobule on the left. The left part and right part of the 3B MICROanatomy™ Liver are magnified 60-times and 200-times respectively.

The K25 realistic model shows the anatomy of the liver and gall bladder. The Liver with gall bladder shows 4 lobes with gall bladder, extrahepatic ducts, and hilus vessels. This model is delivered on a

removable stand.
