**SKU:**

**Categories:**Urology Models

### Product Description

New **anatomy app** called 3B Smart Anatomy now included for FREE with Human Kidney Section Model with Nephrons, Blood Vessels & Renal Corpuscle.

Every original 3B Scientific anatomy model now includes these additional **FREE features:**

- Free access to the **anatomy course 3B Smart Anatomy**, hosted inside the award-winning Complete Anatomy app by 3D4Medical
- The 3B Smart Anatomy course includes **23 digital anatomy lectures**, 117 different virtual anatomy models and 39 anatomy quizzes to test your knowledge
- Bonus: **FREE warranty upgrade from 3 to 5 years** with every product registration

**TIP:** You will also receive access to a **free 3-day trial to all premium features** of the Complete Anatomy app when you sign up for your 3B Smart Anatomy course.

To unlock these benefits, simply scan the label located on your model and register online. All 3B Smart Anatomy features are **completely free of charge** for you. [Click here](#) to learn more.

These 3 kidney models create a complete series to study the anatomy of the kidney and the different structures of the kidney in great detail.

Together the human kidney models show:

- A longitudinal section of the right kidney, 3 times life-size
- A kidney nephron depicting a section through renal cortex and medulla. Nephron features the renal corpuscles with proximal and distal convoluted tubules, loops of Henle, collecting tubules and blood vessels, 120 times full-size
- The third kidney section shows an opened Malpighian corpuscle with glomerulus and Bowman's capsule, 700 times life-size of the human kidney.

The 3 kidney models are mounted on one baseboard for easy display during an anatomy lesson or demonstration about the human kidney. This high quality model is a great addition for any classroom!
