Product Description

This flip chart explains type 1, type 2, and gestational diabetes as well as the risk factors and warning signs of each one. Information on pre-diabetes, testing, complications resulting from diabetes, and managing diabetes is also included. Features presenter's notes on reverse panels. Flip Chart is 6 panels. 12" x 17".

Diabetes Flip Chart (W43212) — Comprehensive Type 1, Type 2 & Gestational Diabetes Teaching Tool

The Diabetes Flip Chart (Item No. 1018307 [W43212]) by WRS Group is a 6-panel presenter flip chart explaining type 1, type 2, and gestational diabetes, along with the risk factors and warning signs specific to each — giving educators a structured, comprehensive resource for diabetes education

sessions.

Comprehensive coverage from pre-diabetes through complications. Beyond the three main diabetes types, the chart covers pre-diabetes, testing, complications resulting from diabetes, and diabetes management — giving a complete educational arc from early risk recognition through long-term disease management, rather than a narrow single-topic overview.

Built for confident presentation. Presenter's notes are included on the reverse panels, giving educators supporting talking points and detail to reference while presenting to patients or students — useful for staff who may not be diabetes specialists themselves.

Size: 12" × 17", 6 panels.

Why Buy from SEM Trainers? SEM Trainers & Systems has over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: What diabetes types does this chart cover? A: Type 1, type 2, and gestational diabetes, along with pre-diabetes, testing, complications, and management.

Q: Are there notes to help with presenting the material? A: Yes — presenter's notes are printed on the reverse of each panel to support the person delivering the education session.

Q: How many panels does the chart have? A: 6 panels, sized 12" × 17".
