Categories: Women's Health Education

Product Description

Our BSE Simulator received top marks at a recent global health meeting where professionals were elated with its realism, durability, and texture. Features: • Teaching is made easy and realistic since the BSE simulator may be used in either the vertical or reclining position • Each breast may be detached

from the simulator • One breast has nine lumps from 3 to 25 mm in diameter • Abnormal breast includes two lumps beneath the arm • Three lumps may be palpated easily; six are extremely subtle • Teach the spiral or grid pattern techniques • Instruction manual • Carrying bag

Breast Self Examination Simulator for Women's Health Education in India

The Breast Self Examination Simulator (Item No. 1017548 [W45105]) [BRAND: NOT LISTED — CONFIRM BEFORE PUBLISHING] received strong recognition at a recent global health conference, where professionals praised its realism, durability, and texture.

The simulator can be used in either vertical or reclining position, closely matching how breast self-exams are actually performed. Each breast detaches individually, and one includes nine lumps ranging from 3 to 25mm in diameter — three easily palpable, six deliberately subtle — plus two additional lumps beneath the arm, giving trainees genuine practice distinguishing obvious findings from harder-to-detect ones. Supports teaching both the spiral and grid pattern examination techniques. Comes with an instruction manual and carrying bag.

Features: Detachable breasts, 9 lumps (3–25mm), 2 underarm lumps, spiral/grid technique support, instruction manual, carrying bag.

Specifications: Weight 4.3kg.

Why Buy from SEM Trainers? SEM Trainers & Systems has supplied medical simulation and women's health education equipment to 1,500+ institutions across 28 Indian states for over 30 years, with pan-India delivery and dedicated after-sales support.

FAQ

Q: How many lumps does the simulator include, and how easy are they to find? A: Nine lumps (3–25mm) on one breast plus two underarm lumps — three are easily palpable, the remainder are deliberately subtle for advanced practice.

Q: What exam techniques can be taught with this simulator? A: Both the spiral pattern and grid pattern examination techniques.

Q: How do I order from SEM Trainers? A: Contact sem@semtrainers.com or call +91-88495 63724 for pricing and availability.
