**SKU:**

**Categories:** Women's Health Education

## Product Description

This model simulates an average full-term fetus. The human fetus made of soft and durable cloth. The

body of the fetus model is flexible to show all presentations and positions possible during human birth.

### **Fetus Model for Women's Health & Childbirth Education in India**

The Fetus Model (Item No. 1005571 [W43038], Brand: WRS Group) simulates an average full-term fetus, made from soft, durable cloth.

The flexible body lets trainees demonstrate the full range of fetal presentations and positions possible during human birth — a hands-on complement to the more rigid anatomical pelvis and childbirth models elsewhere in this range, well suited for teaching normal and abnormal delivery positioning.

**Specifications:** Dimensions 41 x 23 x 12cm. Weight 0.45kg.

**Why Buy from SEM Trainers?** SEM Trainers & Systems has supplied medical simulation and women's health/childbirth education equipment to 1,500+ institutions across 28 Indian states for over 30 years, with pan-India delivery and dedicated after-sales support.

### **FAQ**

Q: What is the model made from? A: Soft, durable cloth, giving it the flexibility needed to demonstrate different fetal presentations and positions.

Q: What size fetus does this model represent? A: An average full-term fetus.

Q: How do I order from SEM Trainers? A: Contact [sem@semtrainers.com](mailto:sem@semtrainers.com) or call +91-88495 63724 for pricing and availability.
