Product Description

Representation of an upper left arm with soft foam insert to train insertion and removal of implantable hormonal contraceptives such as Levonorgestrel. Supplied with 5 tubular inserts and 1 extra skin. On base.

Reproductive Implant Training Arm (Gaumard Scientific) for Sex Education in India

The Reproductive Implant Training Arm (Item No. 1012451 [W45155], Brand: Gaumard Scientific Co. Inc.) represents an upper left arm with a soft foam insert, built for practicing insertion and removal of implantable hormonal contraceptives such as Levonorgestrel.

Mounted on a base for stable practice, the arm gives trainees repeated hands-on practice with the

exact insertion technique used in real clinical settings, rather than relying on description alone. Comes with 5 tubular inserts and 1 extra skin, so training can continue across multiple sessions or students without needing to source replacement parts separately.

Specifications: Weight 0.5kg. [DIMENSIONS NOT AVAILABLE ON SITE — NEEDS SOURCING]

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Gaumard Scientific products in India with over 30 years of experience supplying medical simulators and sex/reproductive health education equipment to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

FAQ
