Product Description

This graphic, 3-D display helps viewers to understand just what HIV/AIDS can do to the body. Each realistic, hand-painted model depicts one of the major consequences of HIV/AIDS. Ideal for health fairs, schools, and other health education settings. Contained within a convenient carrying case for storage or transport. 71x69cm opened.

The Consequences of HIV/AIDS – 3D Display for Sex & Health Education in India

The Consequences of HIV/AIDS – 3D Display (Item No. 1018281 [W43090], Brand: WRS Group) helps viewers understand exactly what HIV/AIDS can do to the body, using hand-painted 3-D models with a realism that goes beyond text or illustration.

Each model depicts one of the major physical consequences of HIV/AIDS, giving trainers a concrete, visual anchor for what's often discussed only in abstract terms. Well suited for health fairs, schools, and other community or clinical health education settings. Contained within a convenient carrying case for storage and transport, opening to 71 x 69cm.

Specifications: 71 x 69cm opened. [DIMENSIONS FIELD ON SITE SHOWS 0x0x0 AND WEIGHT IS MISSING — NEEDS CORRECTION BEFORE PUBLISHING]

Why Buy from SEM Trainers? SEM Trainers & Systems has supplied medical simulation and sex/health education equipment to 1,500+ institutions across 28 Indian states for over 30 years, with pan-India delivery and dedicated after-sales support.

FAQ

Q: What does this display show? A: Hand-painted 3-D models, each depicting a major physical consequence of HIV/AIDS on the body.

Q: What's it best suited for? A: Health fairs, schools, and other health education settings, thanks to its portable carrying case.

Q: How do I order from SEM Trainers? A: Contact sem@semtrainers.com or call +91-88495 63724 for pricing and availability.
