SKU:

Categories:Heart Health and Fitness Education

Product Description

The real benefits of physical activity are easy to see with this interactive 3-D display. Its four swiveling panels show rewards of an active lifestyle on one side (strong muscles, healthy arteries, healthy joints, and reduced body fat) contrasted with consequences of a sedentary lifestyle on the other side (muscle

loss, diseased arteries, osteoarthritis, and increased body fat). Can be used as a tabletop display or mounted on a wall. 26 1/2" x 13" x 5 1/4"

Benefits of Physical Activity 3-D Display (W43148) — Active vs. Sedentary Lifestyle Comparison

The Benefits of Physical Activity 3-D Display (Item No. 1018301 [W43148], 3.8 kg) by WRS Group makes the real benefits of physical activity easy to see with an interactive 3-D display, letting viewers directly compare an active lifestyle against a sedentary one.

Direct side-by-side contrast for maximum impact. Four swiveling panels show the rewards of an active lifestyle on one side — strong muscles, healthy arteries, healthy joints, and reduced body fat — contrasted with the consequences of a sedentary lifestyle on the other — muscle loss, diseased arteries, osteoarthritis, and increased body fat. This direct comparison format makes the health message immediately clear without requiring extensive explanation.

Flexible display options. The unit can be used as a tabletop display or mounted on a wall, giving institutions flexibility to fit it into classrooms, clinics, or waiting areas depending on available space.

Size: 26½" × 13" × 5¼".

Why Buy from SEM Trainers? SEM Trainers & Systems has over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: What does the display show? A: Four swiveling panels comparing the benefits of an active lifestyle (strong muscles, healthy arteries, healthy joints, reduced body fat) against the consequences of a sedentary one (muscle loss, diseased arteries, osteoarthritis, increased body fat).

Q: Can this be mounted on a wall? A: Yes — it can be used either as a tabletop display or wall-mounted, depending on your space.
