Product Description

Many people do not know what steps they can take to maintain healthy cholesterol levels. This flip chart explains the facts about "good" and "bad" cholesterol and the health risks associated with high cholesterol levels. Features presenter's notes on reverse panels. Flip chart is 6 panels. 12" x 17".
Cholesterol Flip Chart (W43208) — Good vs. Bad Cholesterol Teaching Tool

The Cholesterol Flip Chart (Item No. 1018306 [W43208]) by WRS Group addresses a common knowledge gap — many people don't know what steps they can take to maintain healthy cholesterol levels — by explaining the facts about "good" and "bad" cholesterol and the health risks associated with high cholesterol.

Structured for confident presentation. The 6-panel flip chart includes presenter's notes on the reverse of each panel, giving educators supporting talking points to reference while delivering the material — useful for staff who may not have specialized nutrition or cardiology training.

Size: 12" × 17", 6 panels.

Why Buy from SEM Trainers? SEM Trainers & Systems has over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: What does this chart explain? A: The difference between "good" and "bad" cholesterol, and the health risks associated with high cholesterol levels.

Q: Are there notes to help with presenting the material? A: Yes — presenter's notes are printed on the reverse of each panel to support the person delivering the education session.
