Product Description

Classic Human Heart Model with Bypass, 2-part — 3B Smart Anatomy

The Classic Human Heart Model with Bypass, 2-part (Item No. 1017837 [G05], 0.31 kg) by 3B Scientific, Germany is a highly detailed heart model at a price you'll love — slightly smaller than life-size, with exquisite anatomical detail throughout.

Open it up for a genuine inside view. The front heart wall is detachable, revealing the chambers and valves inside — giving students a clear look at internal cardiac structure, not just external anatomy.

Shows bypass surgery anatomy in full color. The heart includes venal bypasses to the right coronary artery, to the ramus interventricularis anterior, and to the ramus circumflexus of the left coronary artery — all shown in color, making this an excellent aid for explaining the treatment of coronary heart disease to students or patients.

Includes free 3B Smart Anatomy digital access. Every original 3B Scientific model includes free access to the 3B Smart Anatomy course, hosted inside the Complete Anatomy app by 3D4Medical — featuring 23 digital anatomy lectures, 117 virtual anatomy models, and 39 anatomy quizzes, plus a free warranty upgrade from 3 to 5 years upon product registration.

Comes on a removable stand for flexible display and handling.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorised distributor of 3B Scientific products in India with over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: Can the model be opened to show the internal chambers? A: Yes — the front heart wall is detachable, revealing the chambers and valves inside.

Q: Does this model show bypass surgery anatomy? A: Yes — it includes color-coded venal bypasses to the right coronary artery and two branches of the left coronary artery, useful for explaining coronary heart disease treatment.

Q: Is it mounted on a stand? A: Yes — a removable stand is included.
