"With Child" Display Only for Pregnancy & Childbirth Education in India

The overlapping-image format lets trainers show progression through pregnancy and early postpartum

recovery as a continuous visual narrative rather than a series of disconnected stages, useful for prenatal classes and maternal health counseling sessions. Note: this listing is for the display panel only ("Display Only") — confirm with your SEM Trainers representative whether a stand or mounting frame is required separately.

Specifications: Dimensions 18" x 24" (45.7 x 61.0cm).
