SKU:

Categories: Pregnancy and Childbirth Education

Product Description

The Birth Model is part of the Sex Education/ Family Living models that make up a coordinated program in life science. This model reflects dimensions and spatial relationships that are anatomically accurate. The scale of the Birth Model is life-sized. The model shows the delivery of a full term fetus with the hands of the doctor assisting in the birthing process. A detailed illustration shows a normal fetal birth position displaying the placenta, umbilical cord, cervix, and vagina.

Birth Model Activity Set for Sex Education & Family Living Programs in India

The Birth Model Activity Set (Item No. 1018406 [W40218]) [BRAND: NOT LISTED — CONFIRM BEFORE PUBLISHING] is part of a coordinated Sex Education/Family Living series of life-science teaching models, showing the delivery of a full-term fetus with anatomically accurate proportions and

spatial relationships at life-size scale.

The model depicts the doctor's hands assisting in the birthing process, with a detailed illustration of normal fetal birth position showing the placenta, umbilical cord, cervix, and vagina — giving students a clear, structurally accurate view of the birth process as part of a broader reproductive health curriculum.

Specifications: Life-size scale. [DIMENSIONS AND WEIGHT NOT AVAILABLE ON SITE — NEEDS SOURCING BEFORE PUBLISHING] [PRODUCT IMAGE MISSING — WOOCOMMERCE PLACEHOLDER CURRENTLY LIVE]
