## Product Description

The prostate examination trainer is supplied as a four sided box housing 4 prostates: Normal Benign, Enlarged Benign, Early Malignant, Advanced Malignant. Features of the prostate examination trainer include:

- Realistic tactile feeling
- No prostates need to be replaced
- Each is identified via a single, gloved finger access port
- Easy to handle

The soft but firm touch of these prostates has been extensively tried and tested by specialist urologists. The prostate examination trainer is great for all types of prostate education.

## Prostate Examination Trainer for Digital Rectal Exam (DRE) Training in India

The Prostate Examination Trainer (Item No. 1005163 [W19344], MPN: BPH100, Weight: 0.11kg) [BRAND: UNVERIFIED — DO NOT PUBLISH UNTIL CONFIRMED] is a compact digital rectal examination (DRE) trainer for teaching prostate palpation technique.

The trainer is housed in a four-sided box containing four separate prostate specimens: Normal Benign, Enlarged Benign, Early Malignant, and Advanced Malignant. Each is accessed through its own gloved-finger access port, so trainees can compare tactile findings across the full range of presentations without needing replacement parts between sessions. The soft-but-firm feel of each prostate specimen has been developed and tested with input from specialist urologists.

### Training applications:

- Digital rectal examination (DRE) technique
- Differentiating normal vs. benign vs. malignant prostate texture by palpation
- Early vs. advanced malignant presentation comparison
- Repeatable practice without specimen replacement

**Why Buy from SEM Trainers?** SEM Trainers & Systems has supplied medical simulation and clinical skills training equipment to 1,500+ institutions across 28 Indian states for over 30 years, with pan-India delivery and dedicated after-sales support.

### FAQ

Q: How many prostate conditions does this trainer cover? A: Four — Normal Benign, Enlarged Benign, Early Malignant, and Advanced Malignant — each in its own access port.

Q: Do the prostate specimens need to be replaced after use? A: No — the design is built for repeated palpation without specimen replacement.

Q: How do I order from SEM Trainers? A: Contact [sem@semtrainers.com](mailto:sem@semtrainers.com) or call +91-88495 63724 for pricing and availability.
