SKU:

Categories: Water Rescue Training

Product Description

This weighted vest is for use with the rescue manikins W44511, W44512, W44513, W44514, W44518, W44519. The vest adds weight to the rescue manikin to provide a different scenario to your rescue training. Not every person weighs the same and now this can be simulated with the same manikin. The

weight vest is a great accessory for your rescue manikin!

Weighted Vest, 18 kg (Nasco Healthcare) for Water Rescue Manikin Training in India

The Weighted Vest (Item No. 1005707 [W44518], MPN 950-1115SU / PP01115U / SB32277U, Brand: Nasco Healthcare, USA) adds extra weight to compatible water rescue training manikins, letting trainers simulate different body weights and submersion scenarios using the same manikin.

Since not every rescue subject weighs the same, this vest allows a single manikin to represent a heavier individual, adding realistic variety to water rescue training without needing multiple manikins.

Specifications: Weight approx. 18–19 kg (confirm exact spec). MPN 950-1115SU / PP01115U / SB32277U. Brand: Nasco Healthcare, USA.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying emergency rescue and simulation training equipment to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

FAQ Q: What is this weighted vest used for? A: It adds extra weight to compatible water rescue training manikins, letting trainers simulate different body weights and vary submersion difficulty for realistic drills.

Q: Which manikins is it compatible with? A: Contact SEM Trainers to confirm compatible manikin models for your specific training equipment.

Q: How do I order from SEM Trainers? A: Contact sem@semtrainers.com or call +91-88495 63724 for pricing and availability.
