Product Description

Replacement for W45156/1005827 (Simon ® Multipurpose Airway Trainer). Pack of 6 The **Neck Skin (6 Pieces)** is a high-quality replacement consumable designed for use with the **Simon® Multipurpose Airway Trainer** (Model W45156 / 1005827). This pack of 6 neck skins ensures that your airway management training manikin remains in optimal condition for repeated, realistic simulation exercises. Ideal for medical training institutions, nursing colleges, hospitals, and emergency response teams, these replacement skins help extend the life of your trainer and maintain training fidelity. Each piece is designed for easy replacement, minimizing downtime between training sessions.

Q1. What is the Neck Skin (6 Pieces) used for? A: It is a replacement neck skin pack for the Simon® Multipurpose Airway Trainer, used in adult airway management simulation training.

Q2. How many pieces are included in this pack? A: The pack includes 6 neck skin pieces.

Q3. Which trainer model is this neck skin compatible with? A: It is compatible with the HAL Adult Airway & CPR Trainer (W45156 / 1005827) and the Simon® Multipurpose Airway Trainer.

Q4. What is the weight of this product? A: The product weighs 0.1 kg.

Q5. Why should neck skins be replaced regularly? A: Neck skins wear out with repeated use during simulation exercises. Regular replacement maintains realism, hygiene, and the overall effectiveness of the training session.

Q6. Where can I purchase the Neck Skin (6 Pieces)? A: It is available through SEM Trainers & Systems. You can add it to your enquiry cart on their website or contact them at +91-88495 63724 or +91-98791 03905.

Q7. Is this product suitable for both institutional and individual purchase? A: Yes, it is suitable for medical colleges, hospitals, simulation labs, and individual trainers who use compatible airway management trainers.
