Suture Replacement (5 pk)

Item No. LF07000A**Weight** 0.026kg**Make:** Nasco Healthcare, USA[Read More](#)**SKU:****Categories:** Suturing and Bandaging

Product Description

For use with Suture and Stapling Practice Trainers (1005585, 1005683, and 1017981). Also for use with Episiotomy trainers (1013817, 1005627, 1018540 and 1018541) Includes 4-0 reverse cutting nylon suture.

Why Choose the Life/form® Suture Replacement – 5 pk (LF07000A) for Your Simulation Lab in India?

The Suture Replacement – 5 pk (Item No. LF07000A) by Nasco Healthcare, USA is the designated replacement suture consumable for Life/form® Suture and Stapling Practice Trainers and Episiotomy trainers. Each pack contains five 4-0 reverse cutting nylon sutures — the correct specification for the trainers listed below — ensuring trainees are always working with a fresh, properly sized suture rather than a reused or incorrectly specified material that produces inaccurate needle-handling habits. For

skills labs, nursing colleges, MBBS surgery programmes, and obstetrics training centres in India that run high-throughput suture sessions across multiple cohorts, maintaining an adequate stock of the correct replacement suture is essential for uninterrupted training continuity.

Compatible trainers: Suture and Stapling Practice Trainers (item nos. 1005585, 1005683, and 1017981) and Episiotomy trainers (item nos. 1013817, 1005627, 1018540, and 1018541).

Why Buy from SEM Trainers?

SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying medical simulators to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.
