Categories: Suturing and Bandaging

Product Description

Most standard bandaging procedures can be practiced or demonstrated with the Lower Stump Bandaging simulator. The lower torso of the bandaging simulator is long enough to allow carrying the bandage around the body over the uninvolved hip at the level of the iliac crest. (Note: There is no embedded, palpable skeletal material.) The lower stump simulator can be used to demonstrate the attachment of prosthetic devices. The lower torso is representative of a prone patient with legs slightly abducted. One leg is amputated below the knee; the other mid-thigh. Includes an instruction booklet. Individually boxed. Why Choose the Lower Stump Bandaging Simulator for Your Simulation Lab in India? The Lower Stump Bandaging Simulator from 3B Scientific is a trusted training tool used across simulation labs in India for hands-on stump bandaging practice. This simulator helps medical students and healthcare professionals build critical competencies in a safe, controlled environment — fully aligned with Indian Nursing Council (INC) and NMC skill-lab requirements for nursing education programs. Who Is This Simulator Ideal For? This product is recommended for nursing colleges, BSc

and GNM training institutions, hospital in-service training departments, and skill labs focusing on patient care competencies. Whether you are setting up a new simulation lab or upgrading your existing facility, the Lower Stump Bandaging Simulator offers an excellent balance of realism, durability, and training value. Why Buy from SEM Trainers? SEM Trainers is a leading supplier of medical manikins and simulators across India. Authorized 3B Scientific distributor in India. We provide complete support including pan-India delivery, on-site installation, faculty training workshops, and prompt after-sales maintenance. All our products carry genuine manufacturer warranty and meet ISO 9001 quality standards. Frequently Asked Questions Q: Is the Lower Stump Bandaging Simulator compliant with NMC simulation lab requirements? A: Yes, this simulator supports the skill-based training competencies specified under NMC's CBME framework for Indian medical and nursing institutions. Q: Does SEM Trainers provide installation and training support? A: Absolutely. We offer on-site installation, hands-on demo sessions, and faculty orientation workshops for every product delivered, anywhere in India. Q: What is the warranty and how do I get support? A: All products come with standard manufacturer warranty. For support, reach us at sem@semtrainers.com or call +91-88495 63724.
