Crisis Manikin Auscultation Kit

Item No. LF03967U

Make: Nasco Healthcare, USA

[Read More](#)

SKU:

Categories: Auscultation

Product Description

Do you already have a CRiSiS™ Manikin? Upgrade with heart and lung sounds now! Provides everything needed to add heart and lung sounds to an existing CRiSiS™ manikin. Includes upper torso, chest skin, remote, and SmartScope™.

Why Choose the Crisis Manikin Auscultation Kit for Your Existing CRiSiS™ Manikin?

The Crisis Manikin Auscultation Kit (Item No. LF03967U) by Nasco Healthcare, USA lets institutions that already own a CRiSiS™ manikin add heart and lung sound auscultation training without purchasing a new manikin. The kit provides everything needed for the upgrade: a replacement upper torso, chest skin, remote control, and SmartScope™ stethoscope.

This is a cost-effective way to extend the training value of an existing CRiSiS™ investment — particularly useful for institutions that purchased the CRiSiS™ manikin primarily for CPR and crisis response training and now want to add cardiac and respiratory auscultation to the same platform.

What's included: Upper torso, chest skin, remote control, SmartScope™.

Prerequisite: Requires an existing CRiSiS™ manikin — this kit is an upgrade accessory, not a standalone trainer.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying medical simulators and auscultation training accessories to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Q: Do I need to already own a CRiSiS™ manikin? A: Yes — this kit upgrades an existing CRiSiS™ manikin and is not a standalone product.

Q: What does the kit include? A: Upper torso, chest skin, remote control, and SmartScope™ stethoscope.

Q: How do I order from SEM Trainers? A: Contact us at sem@semtrainers.com or call +91-88495 63724 for pricing and availability.
