Aortic Regurgitation Sounds Menu

Item No. 1018192 [W49419]

Weight 0.07kg

Dimensions 16 x 7 x 2 cm

MPN: ST2M-112

SKU:

Categories:Auscultation

Product Description

Why Choose the Aortic Regurgitation Sounds Menu for Your Simulation Lab in India?

The Aortic Regurgitation Sounds Menu (Item No. 1018192 / W49419, MPN: ST2M-112, 0.07 kg, 16 × 7 × 2 cm) by Nasco Healthcare, USA is a 16-sound auscultation menu card for the W49407 simulator, focused entirely on aortic regurgitation (AR) and its differential presentations. The card covers AR across a spectrum of severity — moderate through acute severe — along with variants like AR from a retroverted cusp, combined AS/AR, and related lesions PR/PH (pulmonic regurgitation/pulmonic hypertension) and patent ductus arteriosus.

What sets this card apart from a basic murmur menu is its inclusion of dynamic auscultation

maneuvers: amyl nitrite, handgrip, and Valsalva. These bedside techniques change venous return and systemic vascular resistance, altering murmur intensity in characteristic ways — a core cardiology examination skill that's difficult to teach without a sound library built specifically around it. For cardiology training centres, internal medicine residency programmes, and NMC-mandated simulation labs in India, this card supports focused mastery of one of the most commonly tested murmurs in clinical examinations.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying medical simulators and auscultation training accessories to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Q: What does this card teach beyond basic AR recognition? A: It includes dynamic maneuver sounds (amyl nitrite, handgrip, Valsalva) that demonstrate how AR murmur intensity changes with hemodynamic manipulation — a key bedside examination skill.

Q: Which simulator is this compatible with? A: The W49407 auscultation simulator by Nasco Healthcare. Confirm compatibility before ordering.

Q: How do I order from SEM Trainers? A: Contact us at sem@semtrainers.com or call +91-88495 63724 for pricing and availability.

Aortic Regurgitation Sounds Menu - Auscultation Sounds for W49407 1. AR (moderate) 2. AR 3. AR 4. AR (severe) 5. AR 6. AR (retroverted cusp) 7. AR (severe) 8. AR amyl nitrite 9. AR (acute severe) 10. AR handgrip 11. AR Valsalva 12. AR 13. PR/PH expiration 14. PR/PH inspiration 15. Patent ductus arteriosus 16. AS/AR
