ACLS II (Advanced Cardiac Life Support) Sound Menu

Item No. 1018183 [W49410]

Weight 0.07kg

Dimensions 16 x 7 x 2 cm

MPN: ST2M-36

SKU:

Categories:Auscultation

Product Description

Why Choose the ACLS II (Advanced Cardiac Life Support) Sound Menu for Your Simulation Lab in India?

The ACLS II Sound Menu (Item No. 1018183 / W49410, MPN: ST2M-36, 0.07 kg, 16 × 7 × 2 cm) by Nasco Healthcare, USA is the second 16-sound arrhythmia auscultation menu card for the W49407 auscultation simulator — extending the cardiac rhythm recognition training library beyond the ACLS Sound Menu (ST2M-35/W49409) with a different set of 16 rhythms that together with the first menu card covers the complete advanced cardiac rhythm recognition curriculum. For ACLS training centres, cardiology nursing programmes, and NMC-mandated simulation labs in India that have already deployed the ACLS Sound Menu (W49409), this second menu card adds the complementary rhythm

set required for a fully comprehensive arrhythmia auscultation training programme.

The 16 sounds on this card introduce rhythms not present on the ACLS I menu: Normal sinus rhythm (reference), PACs to PSVT, Sinus arrhythmia, Sinus arrest, Atrial fibrillation, Accelerated junctional, SV prematures junctional, 1st AV block with IVCD, 2nd AV block — Wenckebach, 2nd AV block Type II, 3rd AV block with junctional escape rhythm, Multi-focal PVCs, Paroxysmal ventricular tachycardia, Ventricular fibrillation fine, Ventricular asystole, and Artifact. The inclusion of ventricular asystole and artifact alongside the arrhythmia library is clinically important — trainees must learn to distinguish true asystole from artifact on monitoring equipment, a distinction that is critical for correct ACLS algorithm selection.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying medical simulators and auscultation training accessories to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Q: How does this differ from the ACLS Sound Menu (W49409/ST2M-35)? A: Both are 16-sound menu cards for the W49407 simulator. ACLS I (ST2M-35) and ACLS II (ST2M-36) contain different rhythm sets — together they cover the complete ACLS arrhythmia recognition curriculum. ACLS II adds sinus arrest, accelerated junctional, ventricular asystole, artifact, and other rhythms not in ACLS I.

Q: Which simulator is this compatible with? A: The W49407 auscultation simulator by Nasco Healthcare. Confirm compatibility before ordering.

Q: How do I order from SEM Trainers? A: Contact us at sem@semtrainers.com or call +91-88495 63724 for pricing and availability.

ACLS Sound Menu - Auscultation Sounds for W49407

1. Normal sinus rhythm
2. PACs to PSVT
3. Sinus arrhythmia
4. Sinus arrest
5. Atrial fibrillation
6. Accelerated, junctional
7. SV Prematures, junctional
8. 1st AV Block, IVCD
9. 2nd AV-Wenckebach
10. 2nd AV Block - II
11. 3rd AV Block - JER
12. PVCs, multifocal
13. VT, paroxysmal
14. Ventricular fibrillation, fine
15. Ventricular asystole
16. Artifact
