Product Description

For use with Life/form® Auscultation Trainer and Smartscope™, W44119, and Life/form® Auscultation Trainer and Smartscope™ and Amplifier/Speaker System. (number upon request)

Additional Body for Life/form® Auscultation Trainer and Smartscope™ — Extend Your Existing

Simulation Investment

The Additional Body (Item No. LF01145U, 8.656 kg) by Nasco Healthcare, USA is a replacement/spare manikin body designed for use with the Life/form® Auscultation Trainer and Smartscope™ (W44119) and the Life/form® Auscultation Trainer and Smartscope™ with Amplifier/Speaker System. It lets institutions that already own the electronic Smartscope™ console and speaker components add or replace the manikin body — without purchasing a full new unit.

This is particularly useful for skills labs running multiple auscultation stations off a shared electronics/amplifier setup, or replacing a worn body on an existing trainer, since the electronic components (Smartscope, speaker system) are reused.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying medical simulators and auscultation training accessories to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Q: What is this compatible with? A: The Life/form® Auscultation Trainer and Smartscope™ (W44119), including the version with the Amplifier/Speaker System.

Q: Does this include the Smartscope electronics? A: No — this is the manikin body only. The Smartscope and amplifier/speaker components are part of the base trainer unit; confirm exact configuration with SEM Trainers before ordering.

Q: How do I order from SEM Trainers? A: Contact us at sem@semtrainers.com or call +91-88495 63724 for pricing and availability.
