Adult Airway Management Trainer

Item No.	101-501U
Weight	16.546kg
Dimensions	32 x 23.9 x 11.9 cm
Make:	Nasco Healthcare, USA

SKU:

Categories: Airway Management Adult

Product Description

Detailed anatomy featured on the adult intubation trainer stands out. Get a clear picture of human anatomy from the sculpted alveolar sac, bronchial tree, and blood vessel structures of the cross sectioned and exposed flexible lungs, to the interior main bronchus and oral/nasal pharyngeal spaces. Combine these details with an airway complicated by breakout teeth, tongue edema, and laryngospasm, and this airway trainer rates hard. An anatomical stomach that swells with esophageal intubation, or excessive pressure with the BVM during rescue breathing, together with the vomiting capability of this manikin makes this an exceptional educational tool for multitasking.
Why Choose the Life/form® Adult Airway Management Trainer for Your Simulation Lab in India?

The Life/form® Adult Airway Management Trainer (Item No. 101-501U / 1005774) by Nasco Healthcare, USA is an adult male torso mounted on a board, weighing 16.546 kg — a dedicated rescue

airway and pulmonary anatomy training platform designed specifically for programmes where the training objectives are difficult airway recognition, esophageal intubation consequences, and pulmonary anatomy comprehension rather than advanced airway device insertion. From the comparison table of the Life/form® Airway Management Trainer family, this configuration is the only one that combines laryngospasm, tongue oedema, and anatomical stomach rise simultaneously on a torso format — making it the correct choice for simulation labs that need to train rescue breathing complications and vomiting scenarios alongside airway anatomy instruction.

The anatomical detail on this trainer is exceptional for its class. Cross-sectioned, exposed flexible lungs reveal the bronchial tree, sculpted alveolar sacs, and blood vessel structures from the inner main bronchus outward — a level of pulmonary anatomy detail that enables instructors to combine practical airway training with direct anatomical instruction in a single session. The oral and nasal pharyngeal spaces are accurately represented, and the laryngospasm and tongue oedema capabilities create genuine difficult airway conditions that trainees must recognise and respond to. The anatomical stomach swells visibly with oesophageal intubation or excessive BVM pressure during rescue breathing — directly demonstrating the consequences of incorrect technique, including the aspiration risk associated with gastric distension. The vomiting capability adds a further layer of airway management complexity. Replaceable lungs and stomach are included as standard, along with instructions for use, soft carry bag, and lubricant. This trainer does not support advanced airway device insertion (ET, LMA, Combitube®, King Systems, or similar) — for programmes requiring those capabilities, the Life/form® Airway Larry family (Item Nos. 1012740, 1005633, 1019249, and others) is the appropriate range.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying medical simulators to 1,500+ institutions across 28 states. We provide pan-India delivery, on-site installation, faculty orientation, and dedicated after-sales support. All products carry genuine manufacturer warranty and meet ISO 9001 quality standards.

Frequently Asked Questions

Q: Does this trainer support ET tube or LMA insertion? A: No. This configuration is designed for rescue airway training, pulmonary anatomy instruction, and difficult airway recognition — laryngospasm, tongue oedema, stomach rise, and vomiting simulation. It does not support ET, LMA, Combitube®, King Systems, or other advanced airway device insertion. For advanced airway device training, see the Life/form® Airway Larry series.

Q: What consumables are included as standard? A: Replaceable lungs and stomach, soft carry bag, lubricant, and instructions for use are included. Replacement lungs and stomach are available as a separate consumable.

Q: What is the warranty and how do I get support? A: All Nasco Healthcare products carry standard

manufacturer warranty. For support, reach us at sem@semtrainers.com or +91-88495 63724.

Delivery with instructions for use, soft carry bag, lubricant, and replaceable lungs and stomach.

	Head/torso	Ideal for	Digital intubation	Laryngospasm & Tonge edema	Stomach rise	Sucti-oning	Jaw thrust	Manual carotid pulse	E.T., E.O.A., P.T.L, L.M.A., Combitube®, and King System insertion	Additional features
Adult Airway Management Trainer Head *Item No: 1012740*	male head	introductory classes	Yes	-	-	Yes	-	Yes	Yes	can be attached to any of the adult CRiSis® Manikins
Advanced Trainer Head *Item No: 1020961*	male head mounted on a board	introductory and advanced classes	Yes	Yes	Yes	Yes	-	-	Yes	can be attached to any of the adult CRiSis® Manikins
Adult Airway Management Trainer *Item No: 1005633*	male head mounted on a board	testing purposes and Combitube® practice	Yes	-	-	Yes	Yes	-	Yes	can be attached to any of the adult CRiSis® Manikins
Economy Adult Airway Management Trainer *Item No: 1005780*	male head mounted on a board	rescue & advanced airway management training	-	-	-	Yes	-	-	only LMAs and Combitube®	durable construction and bifurcated lung
Adult Airway Management Trainer *Item No: 1017871*	torso with a female head	difficult airway and CPR training	Yes	-	-	Yes	Yes	Yes	Yes	durable construction and bifurcated lung
Advanced Trainer Head *Item No: 1019249*	male head mounted on a board	advanced airway management training	Yes	Yes	-	Yes	-	Yes	Yes	durable construction and bifurcated lung

S.A.L.A.D. Simulator *Item No:* 1021583	male head	suction assisted laryngoscopy and airway decontamination	Yes	-	-	Yes	-	Yes	Yes	rigid suction catheter distracts lower mandible and tongue to permit laryngoscope insertion
Airway Management Trainer *Item No:* 1019928	male torso	airway management and CPR training	Yes	-	-	Yes	-	Yes	Yes	durable construction and bifurcated lung
Adult Deluxe Airway Management Trainer *Item No:* 1018851	male head mounted on a board	cricothyrotomy and advanced airway management	-	Yes	Yes	-	-	-	-	lifelike skin that will not be damaged by aggresive intubation
Adult Airway Management Trainer *Item No:* 1005774	male torso mounted on a board	rescue airway and anatomy training	-	Yes	Yes	-	-	-	-	review of the pumonary system and oral/nasal pharyngeal spaces
