SKU:

Categories: Rescue Training

Product Description

This manikin allows training of the extrication of a person from a pole top situation, confined spaces, collapsed buildings, smoky rooms and also ladder carry-down protocols. A perfect aid in situations too hazardous or uncomfortable for human volunteers and especially suitable for Military, Fire Departments, Police Departments, Safety Teams and Emergency Personnel. The manikin features

articulated joints and realistic weight distribution. It is made of durable plastic with strong plastic-coated cables. This manikin is not fire resistant and is not for water rescue.

Rescue Randy Manikin, 167 cm/48 kg (Nasco Healthcare) for Extrication & Confined-Space Rescue Training in India

The Rescue Randy Manikin (Item No. 149-1335U, Brand: Nasco Healthcare, USA) is built for training the extrication of a person from hazardous situations — pole-top rescues, confined spaces, collapsed buildings, smoke-filled rooms, and ladder carry-down protocols — without risking a human volunteer. At 48 kg, this is a mid-weight variant in the Rescue Randy line, letting trainers practice extraction techniques against a range of realistic body weights.

It's designed for Military, Fire Departments, Police Departments, Safety Teams, and Emergency Personnel who need to practice physically demanding rescue and extraction drills under realistic conditions.

The manikin features articulated joints and realistic weight distribution, built from durable plastic with strong plastic-coated cables. Note: this manikin is not fire resistant and is not intended for water rescue training — for water rescue applications, see SEM Trainers' dedicated Water Rescue Training manikin range.

Specifications: Dimensions 130 x 61 x 31 cm. Weight 48 kg. Brand: Nasco Healthcare, USA.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying emergency and rescue training equipment to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

FAQ Q: What scenarios can this manikin be used for? **A:** Extrication from confined spaces, collapsed buildings, smoke-filled rooms, pole-top situations, and ladder carry-down protocols.

Q: How does this compare to other weights in the Rescue Randy line? **A:** This 48kg variant sits in the mid-weight range, letting trainers practice against a range of realistic body weights and sizes alongside the lighter and heavier options.

Q: How do I order from SEM Trainers? **A:** Contact sem@semtrainers.com or call +91-88495 63724 for pricing and availability.
