SKU:

Categories:ALS Adult

Product Description

Package of 6 rolls.

Why Choose the Life/form® Replacement Thermal Printer Paper for Your Simulation Lab in India?

The Life/form® Replacement Thermal Printer Paper (Item No. 1019780, MPN: LF03451U) by Nasco Healthcare, USA is a 6-roll pack of genuine OEM thermal printer paper for the Electronic Monitoring, Memory and Printer Unit included with the Life/form® Complete CRiSis™ Resuscitation Training System (Item No. 1005650). It is the correct consumable to keep in stock for simulation labs that rely on paper-based CPR performance documentation — the printed record the printer unit produces at the end of each trainee session, showing averages for compression rate, compression depth, ventilation

duration, and ventilation volume.

The practical case for keeping LF03451U in stock is straightforward: the thermal printer's documentation function only works when paper is present, and running out mid-programme means losing the printed performance records that serve as competency documentation for BLS and ALS certification. For simulation labs that use the Electronic Monitoring, Memory and Printer Unit as their primary CPR performance assessment and documentation tool — particularly hospital in-service training departments, nursing institutes, and NMC-mandated skills labs that maintain paper records for accreditation purposes — a stock of replacement paper rolls prevents unplanned documentation downtime. The 6-roll format provides a practical supply quantity for ongoing training programmes. Only the genuine OEM LF03451U paper is guaranteed to be dimensionally matched to the printer mechanism and thermally responsive at the correct sensitivity for clean, legible output.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying medical simulators and genuine OEM consumables to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support. All products carry genuine manufacturer warranty.

Frequently Asked Questions

Q: Which printer unit and simulator is this thermal paper compatible with? A: This paper (LF03451U) is the genuine OEM consumable for the Electronic Monitoring, Memory and Printer Unit (LF03401) included with the Life/form® Complete CRiSis™ Resuscitation Training System (Item No. 1005650) by Nasco Healthcare.

Q: How many rolls are included per order? A: Each order contains 6 rolls of replacement thermal printer paper.

Q: How do I order and get support from SEM Trainers? A: Contact us at sem@semtrainers.com or call +91-88495 63724. We supply genuine Nasco Healthcare consumables with pan-India delivery.
