Product Description

Why Choose the I/O Leg Skin for SMART STAT for Your Simulation Lab in India?

The I/O Leg Skin for SMART STAT (Item No. 1019866, MPN: PP00421U) by Nasco Healthcare, USA is a 10-pack of genuine OEM replacement intraosseous injection site skins for the adult Simulaids SMART STAT ALS simulator. Weighing 0.587 kg per pack, each skin attaches via hook-and-loop fasteners — enabling quick rotation of the injection site between trainees and straightforward skin replacement when the site becomes worn from repeated IO needle insertions. This design prevents the situation where a single degraded insertion point misrepresents resistance and landmark feel for subsequent trainees, which is a real training quality risk when IO skins are not replaced regularly.

Intraosseous access is a critical emergency vascular access skill for paramedics, emergency physicians, and ALS-trained nurses — particularly when IV access fails in cardiac arrest, haemorrhage, or paediatric emergencies. The SMART STAT ALS simulator provides the clinical context; these replacement skins maintain the tactile realism of the IO insertion site so that trainees are calibrating their technique against the correct resistance, landmark feel, and insertion angle. The 10-pack format makes this a practical consumable stock item for simulation labs running regular ALS, ATLS, or emergency medicine training programmes. Only genuine OEM skins are guaranteed to fit the SMART STAT IO module with correct dimensions and material compliance.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare and Simulaids products in India with over 30 years of experience supplying medical simulators and genuine OEM consumables to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support. All products carry genuine manufacturer warranty.

Frequently Asked Questions

Q: Which simulators is this I/O leg skin compatible with? A: This 10-pack replacement skin (PP00421U) is designed for the intraosseous access module on the adult Simulaids SMART STAT ALS simulator family by Nasco Healthcare.

Q: How many skins are included per order? A: Each order contains 10 replacement I/O leg skins.

Q: How do I order and get support from SEM Trainers? A: Contact us at sem@semtrainers.com or call +91-88495 63724. We supply genuine Nasco Healthcare consumables with pan-India delivery.
