SKU:

Categories:ALS Adult

Product Description

Designed to easily attach to any “Airway Larry,” CRiSis™ and CPARLENE®: brand torsos or manikins. Includes pants.

Lower Body with Pants for Life/form® Manikin 1005650 (Item No. LF03223U | Nasco Healthcare, USA)

A genuine OEM replacement lower body assembly designed specifically for the Life/form® manikin model 1005650. When the lower body shows wear from repeated training use — surface cracking, discolouration, or structural deterioration — this direct replacement restores the manikin's full-body appearance and simulation realism for patient positioning, assessment, and care training.

Includes a pair of pants, allowing the manikin to be returned to a patient-ready presentation immediately after fitting.

Key Features:

- OEM fit for Life/form® manikin model 1005650
- Designed to easily attach to any Airway Larry®, CRiSis™, and CPARLENE® brand torsos or manikins [semtrainers](#)
- Includes pants for complete, presentation-ready assembly
- Restores realistic lower-body proportions for patient handling and positioning practice
- Genuine Nasco Healthcare replacement part — ensures correct fit and material consistency with the original unit

Suitable for: Nursing skills training, patient positioning, head-to-toe assessment practice, and full-body simulation scenarios requiring a complete manikin presentation.
