Umbilical Cannulation Replacement Cords

Item No. LF03642U
Weight 0.2kg
Make: Nasco Healthcare, USA

[Read More](#)**SKU:****Categories:**ALS Child

Product Description

Package of 10. For use with Life/form® Infant CRiSis™ Manikins. Caution: Use only Life/form® Replacements. Do not use conventional latex tubing. This will cause malfunctioning of the simulator. The Umbilical Cannulation Replacement Cords (Item No. LF03642U) are genuine spare parts designed specifically for use with Life/form® Infant CRiSis™ Manikins. Manufactured by Nasco Healthcare, USA, this package includes 10 replacement cords, making it a cost-effective solution for medical training institutions that frequently practice umbilical cannulation procedures. These cords ensure realistic and accurate simulation of neonatal vascular access techniques. Important: Only Life/form® replacement cords should be used — conventional latex tubing must not be substituted, as it can cause malfunctioning of the simulator. Weighing just 0.2 kg, this lightweight package is easy to store and

maintain, keeping your infant manikin training-ready at all times.

Q1. What are the Umbilical Cannulation Replacement Cords used for? They are replacement parts used to simulate umbilical vascular access procedures on Life/form® Infant CRiSis™ Manikins during neonatal and pediatric medical training.

Q2. How many cords are included in one package? Each package contains 10 replacement cords, providing ample supply for repeated training sessions.

Q3. Which manikin are these cords compatible with? These cords are designed exclusively for use with Life/form® Infant CRiSis™ Manikins used in ALS child training simulations.

Q4. Can I use regular latex tubing instead of these replacement cords? No. Using conventional latex tubing is strictly not recommended as it can cause malfunctioning of the simulator. Only genuine Life/form® replacement cords should be used.

Q5. Who manufactures these replacement cords? They are manufactured by Nasco Healthcare, USA — a globally trusted brand in medical simulation and training equipment.

Q6. What is the weight of this package? The package weighs 0.2 kg, making it lightweight and easy to store alongside your training manikins.

Q7. Where can I purchase these in India? You can enquire and order through SEM Trainers at **+91-88495 63724** or **+91-98791 03905**, or visit semtrainers.com.
