Replacement Lung System for Infant CRiSis™ Manikins

Item No. LF03599U

Make: Nasco Healthcare, USA

[Read More](#)

SKU:

Categories:ALS Child

Product Description

For use with the **Life/form®** Infant **CRiSis™** Manikins. The Replacement Lung System for Infant CRiSis™ Manikins (Item No. LF03599U) is an essential spare part designed specifically for use with Life/form® Infant CRiSis™ Manikins. Manufactured by Nasco Healthcare, USA, this replacement lung system helps maintain the functionality and realism of your infant ALS training manikin. It is ideal for medical training institutes, simulation labs, and hospitals that regularly use infant manikins for pediatric life support and resuscitation training, ensuring the equipment remains in top working condition for repeated practice sessions.

Q1. What is the Replacement Lung System used for? It is a spare part used to replace the lung system in Life/form® Infant CRiSis™ Manikins, restoring proper ventilation simulation for infant ALS and CPR training.

Q2. Which manikin is this compatible with? This lung system is designed exclusively for use with Life/form® Infant CRiSis™ Manikins, used in pediatric Advanced Life Support (ALS) training.

Q3. When should I replace the lung system? The lung system should be replaced when it shows signs of wear, air leakage, or reduced performance during rescue breathing and ventilation training exercises.

Q4. Who manufactures this product? It is made by Nasco Healthcare, USA — a globally recognized manufacturer of high-quality medical simulation and training equipment.

Q5. Where can I order this in India? You can enquire and purchase through SEM Trainers at **+91-88495 63724** or **+91-98791 03905**, or visit semtrainers.com.
