Product Description

[3B Scientific® ORTHObones](#) feature:

- high product quality

- realistic mechanical characteristics
- exceptional value for money

Thanks to [3B Scientific® ORTHObones](#), surgeons, orthopaedists and medical engineers will have an artificial bone that perfectly resembles a human bone in terms of form and characteristics. The key to the impressive realism lies within the two part construction of the hard cortical shell (compact or cortical bone) and the cancellous bone material. ORTHObones are the closest you can get to the real thing!

ORTHObones Premium — Right Scapula (3B OrthoBones) for India

3B Scientific® ORTHObones combine high product quality, realistic mechanical characteristics, and exceptional value for money. Surgeons, orthopaedists, and medical engineers get an artificial bone that perfectly resembles a human bone in form and characteristics — the realism comes from the two-part construction of the hard cortical shell (compact bone) and the cancellous bone material inside.

Item No. 1018517 [W19151].

Specifications: Weight 0.098 kg. Brand: 3B OrthoBones.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of 3B OrthoBones products in India with over 30 years of experience supplying orthopedic workshop and biomechanical training equipment to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

FAQ Q: What makes ORTHObones realistic? **A:** A two-part construction simulating the hard outer cortical shell and the softer inner cancellous bone found in real human bone.

Q: How do I order from SEM Trainers? **A:** Contact sem@semtrainers.com or call +91-88495 63724 for pricing and availability.
