Product Description

3B Scientific® ORTHObones feature:

- high product quality

- realistic mechanical characteristics
- exceptional value for money

Thanks to 3B Scientific® ORTHObones, surgeons, orthopaedists and medical engineers will have an [artificial bone](#) that perfectly resembles a human bone in terms of form and characteristics. The key to the impressive realism lies within the two part construction of the hard cortical shell (compact or cortical bone) and the cancellous bone material. ORTHObones are the closest you can get to the real thing!

ORTHObones Premium — Left Scapula (3B Scientific) for India

3B Scientific® ORTHObones combine high product quality, realistic mechanical characteristics, and exceptional value for money. Surgeons, orthopaedists, and medical engineers get an artificial bone that perfectly resembles a human bone in form and characteristics — the realism comes from the two-part construction of the hard cortical shell (compact bone) and the cancellous bone material inside.

Item No. 1017629 [W19135], MPN 0140D.

Specifications: Weight 0.093 kg. Brand: 3B Scientific. MPN 0140D.
