Product Description

This gynecological simulator ZOE represents a female adult lower body with relevant internal anatomical landmarks and anatomically accurate female genital organs, fimbriae and ovaries. Various pelvic examinations can be trained with this gynecological simulator including laparoscopy, mini-laparotomy as well as recognition of pathologies and placing of contraceptive devices. Gynecological training features:

- Full size female lower torso with relevant internal anatomic landmarks
- Bi-manual pelvic examination
- Palpation of normal and pregnant uteri
- Vaginal examination, including insertion of speculum
- Visual recognition of normal and abnormal cervixes
- Uterine sounding
- IUD insertion and removal
- Distal end of vagina facilitates introduction of a female condom or sizing a 75mm diaphragm
- Removable introitus adds flexibility for addition of multiple ZOE® options
- Laparoscopic visualization and occlusion of fallopian tubes
- Minilaparotomy
- 1 anteverted and one retroverted parous uterus
- 1 normal uterus with short fallopian tubes for palpation exercises
- Early pregnancy uteri. One is 6-8 weeks and the other is 10-12 weeks
- 1 twenty-week pregnant uterus
- 5 normal cervixes with patent os
- 4 abnormal cervixes
- 10 fallopian tubes
- Realistically sculpted and anatomically accurate ovaries and fimbriae
- Uterus and cervix feature patented Insertion of IUD into uterus “screw” design for fast and easy change-out

Delivery content:

- Talcum powder
- Soft carrying bag

Why Choose the Zoe Gynecologic Simulator Light for Your Simulation Lab in India? The Zoe Gynecologic Simulator Light from Gaumard is a trusted training tool used across simulation labs in India for hands-on gynecological examination practice. This simulator helps medical students and healthcare professionals build critical competencies in a safe, controlled environment — fully aligned with NMC's CBME curriculum for obstetrics and gynecology practical training. Who Is This Simulator Ideal For? This product is recommended for obstetrics and gynecology departments, nursing colleges with midwifery programs, and government hospitals mandated to provide EmOC (Emergency Obstetric Care) training. Whether you are setting up a new simulation lab or upgrading your existing facility, the Zoe Gynecologic Simulator Light offers an excellent balance of realism, durability, and training value. Why Buy from SEM Trainers? SEM Trainers is a leading supplier of medical manikins and simulators across India. Authorized Gaumard distributor in India. We provide complete support including pan-India delivery, on-site installation, faculty training workshops, and prompt after-sales maintenance. All our products carry genuine manufacturer warranty and meet ISO 9001 quality standards. Frequently Asked Questions Q: Is the Zoe Gynecologic Simulator Light compliant with NMC simulation lab requirements?

A: Yes, this simulator supports the skill-based training competencies specified under NMC's CBME framework for Indian medical and nursing institutions. Q: Does SEM Trainers provide installation and training support? A: Absolutely. We offer on-site installation, hands-on demo sessions, and faculty orientation workshops for every product delivered, anywhere in India. Q: What is the warranty and how do I get support? A: All products come with standard manufacturer warranty. For support, reach us at sem@semtrainers.com or call +91-88495 63724.
