Product Description

Inside dimensions 29x43x90 cm

Why Choose the Hard Carry Case for GERi™, KERi™, CPARLENE®, and CRiSis™ Manikins for Your Simulation Lab in India?

The Hard Carry Case for GERi™, KERi™, CPARLENE®, and CRiSis™ Manikins (Item No. 1019725, MPN: LF03465U) by Nasco Healthcare, USA is an 11.5 kg purpose-built hard carry case with 29 × 43 × 90 cm internal dimensions, designed specifically for the Life/form® full-body manikin platforms GERi™, KERi™, CPARLENE®, and CRiSis™. For simulation labs, nursing institutes, BLS training centres, and hospital in-service programmes in India that transport any of these four manikins between training venues — across departments, to outreach locations, or for multi-site programmes — this hard case

provides the rigid external shell that protects the manikin's external surfaces, airway components, and any attached accessories during handling, vehicle transport, and storage.

Soft carry bags that ship with some manikin configurations provide basic storage but offer no impact protection during vehicle transport over the road conditions typical of Indian training outreach programmes. A hard case eliminates that risk — the rigid shell absorbs the impact and vibration that would otherwise transmit directly to the manikin skin, airway components, and compression mechanics. At 90 cm internal length, the case is correctly dimensioned for the full-body proportions of the GERi™, KERi™, CPARLENE®, and CRiSis™ platforms. Only the genuine OEM LF03465U case is guaranteed to fit these manikins correctly within the internal dimensions — cases that are under-dimensioned require the manikin to be forced in, which damages the external skin and seams over repeated transport cycles. For training coordinators managing multiple manikins, a dedicated hard case per manikin also enables organised inventory, with each case clearly labelled and stacked securely in a storage room.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying medical simulators and genuine OEM accessories to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support. All products carry genuine manufacturer warranty.

Frequently Asked Questions

Q: Which manikins is this hard case compatible with? A: This case (1019725 / LF03465U) is compatible with the Life/form® GERi™, KERi™, CPARLENE®, and CRiSis™ full-body manikins by Nasco Healthcare. Internal dimensions are 29 × 43 × 90 cm.

Q: What is the case weight? A: The case itself weighs 11.5 kg empty. Factor in the manikin weight when planning transport logistics.

Q: How do I order and get support from SEM Trainers? A: Contact us at sem@semtrainers.com or call +91-88495 63724. We supply genuine Nasco Healthcare OEM accessories with pan-India delivery.
