CPR Prompt® Adult/Child and Infant Manikins - 7 Pack

Item No. 1017941 [W44710]

Weight 9kg

MPN: LF06700U

[Read More](#)

SKU:

Categories:BLS Adult

Product Description

Economy package of seven CPR Prompt® manikins includes five adult/child manikins, two infant manikins, 50 adult/child face shield/lung bags, 20 infant face shield/lung bags and nylon carry case.

Duplicate flagged earlier in this session. Item No. 1017941 [W44710], MPN LF06700U — this exact item number was already flagged in the cumulative duplicate log from the prior summary: it appears in both **BLS Newborn** and **BLS Child** categories. Now it has a third appearance here in **BLS Adult**. This is a significant structural problem — three separate category placements for one SKU.

Weight 9 kg. One-sentence description currently. Economy 7-pack: 5 adult/child manikins + 2 infant manikins, 50 adult/child face shield/lung bags, 20 infant face shield/lung bags, nylon carry case — confirms this is genuinely a cross-age-group product, which explains why it could plausibly sit in

multiple categories, but it should have **one canonical page**, not three.

DESCRIPTION (copy-paste into WordPress product description):

Why Choose the CPR Prompt® Adult/Child and Infant Manikins, 7-Pack for Your Simulation Lab in India?

The CPR Prompt® Adult/Child and Infant Manikins, 7-Pack (Item No. 1017941 / W44710, MPN: LF06700U) by Nasco Healthcare, USA is a 9 kg economy training package covering three patient age groups in one purchase — five adult/child manikins and two infant manikins, giving training centres the complete age range for comprehensive BLS certification courses without sourcing separate adult, child, and infant manikin packs individually. For BLS certification centres, nursing colleges, and NRP/PALS training programmes in India that teach the full life-saving algorithm across all patient ages in a single course, this 7-pack is the most efficient way to equip a multi-age CPR training room.

The pack includes 50 adult/child face shield/lung bags and 20 infant face shield/lung bags — sized consumable stock matched proportionally to the five adult/child and two infant manikins included, ensuring hygienic group training capacity across both manikin types without needing to calculate and order consumables separately. A nylon carry case keeps the full 7-manikin set organised for storage and transport between training venues.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying medical simulators to 1,500+ institutions across 28 states. We provide pan-India delivery, on-site installation, faculty orientation, and dedicated after-sales support.

Frequently Asked Questions

Q: What does this 7-pack include? A: Five adult/child manikins, two infant manikins, 50 adult/child face shield/lung bags, 20 infant face shield/lung bags, and a nylon carry case.

Q: Can this pack train all three patient age groups — adult, child, and infant? A: Yes. The 7-pack is specifically designed to cover the full life-saving algorithm across adult/child and infant patient ages in a single training set.

Q: How do I order and get support from SEM Trainers? A: Contact us at sem@semtrainers.com or call +91-88495 63724. We supply genuine Nasco Healthcare products with pan-India delivery.
