Product Description

for W44570

Why Choose the 100 Airway/Lung/Face Shield Systems for Your Simulation Lab in India?

The 100 Airway/Lung/Face Shield Systems (Item No. 1005746 / W44571, MPN: PP02125U / SB26480U) by Nasco Healthcare, USA is a 0.2 kg pack of 100 genuine OEM disposable airway/lung/face shield units compatible with the Nasco Healthcare manikin W44570. The integrated face shield and lung bag is the hygiene-critical consumable for CPR and rescue breathing training — each trainee's mouth-to-mouth ventilation contacts the face shield directly, and the lung bag provides visible inflation confirmation of effective ventilation technique. Replacing this combined unit between trainees eliminates cross-contamination in group training sessions without requiring manikin

disassembly or disinfection between uses.

For BLS certification centres, nursing colleges, schools, and community CPR training programmes in India running regular group sessions on the W44570 manikin, a 100-count pack provides a substantial consumable stock that covers many training cycles before reordering is required. The combined face shield and lung bag in a single disposable unit simplifies restocking — one part number, one replacement action, no separate face shield and lung bag inventories to track. Only genuine OEM W44571 systems are guaranteed to fit the W44570 manikin's airway interface correctly, maintaining the correct seal and lung bag inflation pathway that validates rescue breathing technique during training.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying medical simulators and genuine OEM consumables to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support. All products carry genuine manufacturer warranty.

Frequently Asked Questions

Q: Which manikin is this consumable compatible with? A: This pack (1005746 / W44571) is compatible with Nasco Healthcare manikin W44570 only. It is a different part from the Airway/Lung/Face Shield Systems for W44592 (Item No. 1005743/W44568). Confirm your manikin model before ordering.

Q: How many units are included? A: This pack includes 100 disposable airway/lung/face shield systems — each combining the face shield and lung bag in a single disposable component.

Q: How do I order and get support from SEM Trainers? A: Contact us at sem@semtrainers.com or call +91-88495 63724. We supply genuine Nasco Healthcare consumables with pan-India delivery.
