Product Description

Economy package of seven CPR Prompt® manikins includes five adult/child manikins, two infant manikins, 50 adult/child face shield/lung bags, 20 infant face shield/lung bags and nylon carry case.
Why Choose the CPR Prompt® Adult/Child and Infant Manikins – 7 Pack for Your Simulation Lab in India?

The CPR Prompt® Adult/Child and Infant Manikins – 7 Pack (Item No. 1017941 / W44710, MPN: LF06700U) by Nasco Healthcare, USA is a 9 kg economy package designed for high-volume CPR training across all patient age groups in a single classroom session. The package includes five adult/child manikins, two infant manikins, 50 adult/child face shield/lung bags, 20 infant face shield/lung bags, and a nylon carry case. For BLS certification centres, nursing colleges, schools, corporate first-

aid training programmes, and community CPR outreach initiatives in India that need to train large groups simultaneously across adult, child, and infant CPR techniques, this 7-pack delivers the manikin-to-trainee ratio that large-batch training requires without the cost of individual full-featured manikins.

The mixed composition — five adult/child manikins and two infant manikins — reflects the typical age-group ratio in standard BLS/CPR curricula, where adult and child compression technique training requires more simultaneous practice stations than infant technique. The disposable face shield/lung bag system (50 adult/child + 20 infant) is the hygiene-critical consumable that enables multiple trainees to use the same manikin in sequence during a single session without cross-contamination concerns — each trainee receives a fresh bag for mouth-to-mouth ventilation practice. The nylon carry case keeps the full set organised and transportable between training venues, making this package suitable for outreach CPR training programmes that move between schools, community centres, and corporate sites. For training coordinators running back-to-back sessions with rotating trainee groups, the included consumable quantities provide a working buffer before reordering replacement face shield/lung bags is required.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of Nasco Healthcare products in India with over 30 years of experience supplying medical simulators to 1,500+ institutions across 28 states. We provide pan-India delivery, on-site installation, faculty orientation, and dedicated after-sales support. All products carry genuine manufacturer warranty and meet ISO 9001 quality standards.

Frequently Asked Questions

Q: What is included in this 7-pack? A: Five adult/child CPR manikins, two infant CPR manikins, 50 adult/child face shield/lung bags, 20 infant face shield/lung bags, and a nylon carry case.

Q: Are replacement face shield/lung bags available separately? A: Yes. Replacement face shield/lung bag consumables for CPR Prompt® manikins are available separately from SEM Trainers — contact us for compatible part numbers.

Q: What is the warranty and how do I get support? A: All Nasco Healthcare products carry standard manufacturer warranty. For support, reach us at sem@semtrainers.com or call +91-88495 63724.
