SKU:

Categories:Airway Management Child

Product Description

A simulated head of an 5-year-old child featuring realistic size and anatomy. Perfect for practicing airway management skills on pediatric patients. Realistic anatomy includes mouth, tongue, oral pharynx, larynx, epiglottis, vocal cords, trachea, and esophagus. Separate lungs can be added for auscultation. Inflatable stomach bladder can be added to indicate esophageal insufflation. Practice suctioning and oral, nasal, and intubation techniques. Can be attached to any of the Child Airway Management Trainers or Child CRiSis™ Manikins. Pump spray lubricant included. Manual carotid pulse.

	Head/torso	Age	Digital intubation	Tongue edema	Laryngospasm	Stomach rise	Suctioning	Manual carotid pulse	Defibrillation	Additional features

Why Choose the Child Airway Management Trainer Head with Lungs and Stomach for Your Simulation Lab in India? The Child Airway Management Trainer Head with Lungs and Stomach from Nasco

Healthcare is a trusted training tool used across simulation labs in India for hands-on pediatric airway management practice. This simulator helps medical students and healthcare professionals build critical competencies in a safe, controlled environment — fully aligned with NMC's competency-based requirements for airway management skills in anesthesiology and emergency medicine. Who Is This Simulator Ideal For? This product is recommended for anesthesia departments, emergency medicine residency programs, paramedic training institutes, and hospitals conducting ACLS/BLS certification courses. Whether you are setting up a new simulation lab or upgrading your existing facility, the Child Airway Management Trainer Head with Lungs and Stomach offers an excellent balance of realism, durability, and training value. Why Buy from SEM Trainers? SEM Trainers is a leading supplier of medical manikins and simulators across India. Authorized Nasco Healthcare distributor in India. We provide complete support including pan-India delivery, on-site installation, faculty training workshops, and prompt after-sales maintenance. All our products carry genuine manufacturer warranty and meet ISO 9001 quality standards. Frequently Asked Questions Q: Is the Child Airway Management Trainer Head with Lungs and Stomach compliant with NMC simulation lab requirements? A: Yes, this simulator supports the skill-based training competencies specified under NMC's CBME framework for Indian medical and nursing institutions. Q: Does SEM Trainers provide installation and training support? A: Absolutely. We offer on-site installation, hands-on demo sessions, and faculty orientation workshops for every product delivered, anywhere in India. Q: What is the warranty and how do I get support? A: All products come with standard manufacturer warranty. For support, reach us at sem@semtrainers.com or call +91-88495 63724.
