SKU:

Categories:Catheterization

Product Description

This “two-in-one” simulator allows:

- Catheterization: The interchangeable male and female genital organs feature a modular urethral valve to prevent fluid leakage.
- Ostomy care: 3 stomas (transverse colostomy, ileostomy, suprapubic) may be dilated and allow practice of irrigation procedures as well as application of ostomy bags. Each stoma is connected to an internal tank. Supplied with carrying bag.

Why Choose the Male & Female Catheterization & Ostomy Care Simulator for Your Nursing Skills Lab in India?

The Male & Female Catheterization & Ostomy Care Simulator (Item No. 1005806 [W45068], 7.797 kg, 50.8 × 45.7 × 33 cm, MPN: S230.10.M) is a genuine "two-in-one" training platform combining two distinct clinical skill sets on a single unit — a practical option for labs that need both catheterization and

ostomy care training without purchasing separate dedicated simulators.

Catheterization: Interchangeable male and female genital organs feature a modular urethral valve designed to prevent fluid leakage during practice.

Ostomy care: Three dilatable stomas — transverse colostomy, ileostomy, and suprapubic — each connect to their own internal tank, letting students practice irrigation procedures and ostomy bag application across the three most commonly encountered ostomy types in clinical practice.

Included: Carrying bag.

Why Buy from SEM Trainers? SEM Trainers & Systems is an authorized distributor of leading simulation training equipment in India, with over 30 years of experience supplying medical simulators and clinical skills training accessories to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Q: Which ostomy types can be practiced? A: Transverse colostomy, ileostomy, and suprapubic — each dilatable and connected to its own internal tank.

Q: Can this be used for both male and female catheterization? A: Yes — interchangeable genital organs with a modular urethral valve support both.

Q: How do I order from SEM Trainers? A: Contact us at sem@semtrainers.com or call +91-88495 63724 for pricing and availability.
