## Product Description

### Female Genital Insert for P93 PRO/BASIC — Replacement Part

The Female Genital Insert (Item No. 1020233 [XP93-002], 0.35 kg, 27 × 17.5 × 10 cm, Brand: 3B

Scientific) is the replacement/spare genital insert for the entire 3B Scientific P93 catheterization simulator line — compatible with the female BASIC unit, female PRO unit, and the combined male/female BASIC and PRO sets.

The insert features soft, movable, separable labia for practicing disinfection and catheterization gestures, and mounts via magnetic connectors into the stand (BASIC) or anatomically realistic abdominal model (PRO). This lets institutions replace a worn insert without purchasing an entirely new trainer unit.

**Compatible with:** Catheterization Simulator BASIC, female (1020231); Catheterization Simulator PRO, female (1020229); Catheterization Simulator Set BASIC (1020842); Catheterization Simulator Set PRO (1020843).

**Why Buy from SEM Trainers?** SEM Trainers & Systems is an authorized distributor of 3B Scientific products in India with over 30 years of experience supplying medical simulators and clinical skills training accessories to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Q: Which units is this compatible with? A: All 3B Scientific P93 catheterization simulators with a female component — BASIC, PRO, and both combined male/female sets.

Q: How do I order from SEM Trainers? A: Contact us at [sem@semtrainers.com](mailto:sem@semtrainers.com) or call +91-88495 63724 for pricing and availability.
