Newborn CPR and Trauma Care Simulator with Code Blue Monitor (1017560 [W45135] / S102.M)

This newborn manikin (2.5 kg) is designed to teach the fundamentals of infant CPR and trauma care, with a fully articulating head and jaw with tongue for realistic airway management practice.

Hygienic, realistic airway training. SAFE CPR™ individual disposable airways support hygienic

ventilation practice, with the airway realistically blocking when the head is positioned forward.

A full chest for realistic technique. An easily accessible chest cavity with molded ribcage, lungs, and heart supports realistic chest rise during ventilation.

Built-in performance feedback. The Omni™ Code Blue® pack monitors and logs the cadence and depth of cardiac compression and airway ventilation, giving instructors objective data during training.

Comprehensive pulse and access sites. Bilateral brachial, right femoral, and left popliteal arterial pulse points, plus realistic eye sockets for ophthalmic assessment practice and support for intraosseous infusion.

Realistic appearance, with soft, lifelike face skin and molded hair.

Part of a four-tier CPR and Trauma Care family, from base CPR and Trauma Care (Item 1018866) through this Code Blue Monitor tier (Item 1017560), to a tier adding intraosseous and venous access (Item 1017561), up to the full combination of Code Blue Monitor plus intraosseous and venous access (Item 1014570).

Comes ready for training, supplied with a diaper and body suit, instruction manual, and a custom nylon carrying bag.

Why Buy from SEM Trainers? SEM Trainers & Systems has over 30 years of experience supplying medical education resources to 1,500+ institutions across 28 states. We provide pan-India delivery and dedicated after-sales support.

Frequently Asked Questions

Q: What does the Code Blue Monitor add? A: It monitors and logs the cadence and depth of cardiac compressions and airway ventilation, giving instructors objective performance feedback.

Q: What's included? A: A diaper and body suit, instruction manual, and a custom nylon carrying bag.
