Why Choose the Gaumard Simple Simon® Patient Care Manikin (Medium Skin) for Your Nursing Skills Lab in India?

The Simple Simon® Patient Care Manikin — Medium Skin (Item No. 1005807 / W45070, MPN: S205.M) is a 14.5 kg full-size adult male patient care training manikin from Gaumard Scientific, USA — the male counterpart to the Simple Susie® in the Gaumard Simon/Susie nursing manikin family, and the correct choice for

nursing colleges, GNM and B.Sc. Nursing programmes, and clinical skills labs in India that need a realistic, affordable male nursing care manikin for basic patient care skill training.

Simple Simon® is designed for fundamental nursing care competencies — bathing, hygiene, oral care, ophthalmic care, ear care, injection technique, surgical draping, and tracheostomy care. It is not designed for catheterisation or enema administration — if these skills are required, see the Susie Simon® range (Item Nos. 1017535 and 1005785) which includes these capabilities. Knowing what a manikin does not include is as important as knowing what it does — the comparison table below shows the full feature matrix across all five models in this family.

Nursing Skills Trainable on Simple Simon®:

- Surgical draping technique
- Patient bathing and bandaging
- Oral hygiene — movable jaw with removable upper and lower dentures
- Ophthalmic care and eye exercises
- Ear irrigation and application of otic drops
- Intramuscular injection — arm and buttock sites
- Tracheostomy care

The legs are detachable for compact storage — a practical feature for skills labs with limited cabinet or storage space. The manikin is supplied with a neck brace. Medium skin tone — for other skin tone variants in the Simple Simon® range, contact SEM Trainers.

See the comparison table below to select the correct model from the Gaumard Simon/Susie patient care manikin family for your lab's curriculum requirements.

Why Buy from SEM Trainers? SEM Trainers & Systems has over 30 years of experience supplying medical simulators to 1,500+ institutions across 28 states in India. We provide pan-India delivery, on-site installation, faculty orientation, and dedicated after-sales support.

Frequently Asked Questions

Q: Does Simple Simon® support urinary catheterisation? A: No. The Simple Simon® (1005807) does not include catheterisation capability. For a male manikin with catheterisation, see the Susie Simon® with ostomy (1005785) or contact SEM Trainers

for guidance on the correct model.

Q: Does Simple Simon® support enema administration? A: No. Enema administration is not included on the Simple Simon®. See the Susie Simon® range for this capability.

Q: What is the difference between Simple Simon® and Simple Susie®? A: Simple Simon® (1005807) is the male variant — it includes tracheostomy care but does not include a realistic vagina/cervix, vaginal douching, or pap smear. Simple Susie® (1005803) is the female counterpart — it includes a realistic vagina and cervix but does not include tracheostomy care. See the comparison table for the full feature breakdown.

Q: Can the legs be removed for storage? A: Yes. The legs are detachable, allowing compact storage in a standard cabinet or carry bag.

Q: What skin tones are available? A: This listing is for the medium skin tone variant (MPN: S205.M). Contact SEM Trainers for availability of other skin tone variants in the Simple Simon® range.

Q: What is included in the box? A: Full-size adult male manikin with movable joints, soft fingers and toes, detachable legs, movable jaw, removable dentures, and neck brace.
